

To whom it may concern,

Bilnor Staffing Solutions joined our Team a few years ago – since then they only delivered excellent service.

They are always available and arrange interviews accordingly.

Bilnor Staffing Solutions has a long-standing relationship with Watercare Mining, they are excellent in problem solving and all aspects of our needs as a placement agency.

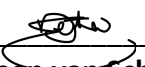

They have also contributed to our general Labour quality. They are always professional, friendly, and eager to assist.

Should you have them as a part of your team, consider yourselves lucky!

I will highly recommend Bilnor Staffing Solutions and have no doubt in their capabilities.

Should you require more info please contact me directly on eileen@watercaremining.co.za

Yours Sincerely
